Mr. James Kadane is a member of the Senior Executive Service serving as the Chief Engineer for the Space and Naval Warfare Systems Command (SPAWAR). SPAWAR is the Department of the Navy Command, Control, Communications, Computers and Intelligence (C4I) and FORCENet Chief Engineer.

He previously served as Program Director for the Intelligence, Surveillance and Reconnaissance Directorate where he directed the acquisition of the Integrated Undersea Surveillance System and the US Navy's Cryptologic Systems for Information Attack and Exploit. He served as Chief Engineer for the Command, Control and Communication (C3) Systems Directorate. Mr. Kadane also held positions at the Naval C3 and Ocean Surveillance Command as the Joint Maritime Command Information System Project Manager, Over-the-Horizon Targeting Lead Laboratory Program Manager, Air Defense Initiative C3 System Engineer and Integrator, and U.S. Navy Anti-Satellite C3 Architecture Project Manager.

Mr. Kadane was born in 1950 in Waynesville, N.C. He served an enlisted tour in the USAF. He earned a B.Sc. degree in General Engineering and an M.Sc. in Electrical Engineering and Computer Science from University of California at Berkeley. He is a member of the Department of Defense Acquisition Work Force with career field level III certification in Program Management as well as Systems Planning, Research and Development, and Engineering. Additionally, he has served as a member of the San Diego AFCEA Board of Directors. James Kadane is the recipient of the Navy Meritorious Civilian Service Award. Mr. Kadane, his wife Louisa, and son Ian reside in San Diego, CA.
